**Career Guidance Programme in association with all  
the expert faculty from the Biological Sciences  
departments of the College.**

**Date of the Programme: 27/09/2022**

**Name of the Resource Person: All the Biological Sciences Faculty of Dr. V S Krishna Government Degree and PG College (Autonomous), Visakhapatnam.**

**Description of the Programme:**

With a PG in Zoology, one can explore various paths in academia, research, conservation, and industry. In academia, options include becoming a lecturer, professor, or researcher, contributing to both teaching and advancing the field through research. Research opportunities abound in areas such as wildlife biology, ecology, evolutionary biology, conservation biology, Molecular biology, Immunology, Physiology, Developmental Biology, Genetics, Genomics, Proteomics and several such fields.

Awareness was given on various examinations opening doors for research in Biological Sciences were explained in detail. Probable dates of yearly notifications, eligibility criteria, requirements for application, process of application, mode of preparation for the relevant exams and their scope of varied opportunities were also explained in detail.

**Outcome of the programme:**

Students could understand that after completing a postgraduate degree in Zoology, they can pursue various entrance tests depending on their career aspirations. For those inclined towards

research and academia, national-level exams such as CSIR-NET (Council of Scientific and Industrial Research - National Eligibility Test) or UGC-NET (University Grants Commission - National Eligibility Test), ICAR NET and ICMR NET provide opportunities for Junior Research Fellowship (JRF) and eligibility for Assistant Lecturership. Exams like GATE (Graduate Aptitude Test in Engineering) and DBT-JRF (Department of Biotechnology - Junior Research Fellowship) offer avenues for pursuing higher studies or research in specialized fields such as biotechnology or life sciences.

## **Career Guidance Programme for BVOC Aquaculture students.**

**Date of the Programme: 10/05/2022**

**Name of the Resource Person: Dr. K. Narasimha Murthy, General Manager, ELIM, Technical and marketing (Aquaculture).**

### **Description of the Programme:**

Career guidance lecture, highlighted the vast array of opportunities awaiting BVoc Aquaculture graduates. From farm management to research, consultancy, education, and entrepreneurship, the field offers diverse paths for growth. The importance of sustainability, innovation, and community engagement in shaping successful careers was also explained in detail. They can work as aquaculture farm managers, oversee operations, ensure sustainability, and maximize productivity. In research, they can contribute to innovation, develop new techniques, and address industry challenges. Another great opportunity is Consultancy role which involve advising on best practices, compliance, and strategic planning. Entrepreneurship offers avenues for starting farms, aquaponics ventures, or technology startups. Thus, BVoc Aquaculture opens doors to diverse and rewarding opportunities in this vital and dynamic industry.

### **Outcome of the programme:**

Students learned about a variety of job options, including farm management, research, consulting, teaching, and entrepreneurship. Now that they have a better grasp of the demands and developments in the sector, students are better prepared to choose a career. In order to shape successful careers in aquaculture, the lecture emphasized the significance of sustainability, innovation, and community engagement.
