**Description of the activity:**

As part of the Swachh Bharat initiative, a campus cleaning drive was organized. Students and staff enthusiastically participated, cleaning classrooms, playgrounds, and common areas. Following the cleanup, everyone took the Swachhta Pledge, committing to maintain cleanliness and promote hygiene in their surroundings. The activity aimed to instill responsibility towards a clean and green environment.

Mahatma Gandhi had dreamed of an India which was not only free but also free, clean and developed.

Mahatma Gandhi secured freedom for Mother India.

Now it is our duty to serve Mother India by keeping the country neat and clean.

I take this pledge that I will remain committed towards cleanliness and devote time for this.

I will devote 100 hours per year that is two hours per week to voluntary work for cleanliness.

I will neither litter nor let others to litter.

I will initiate the quest for cleanliness with myself, my family, my locality, my village and workplace.

I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.

I will encourage 100 other persons to take this pledge which I am taking today.

I will endeavour to make them devote their 100 hours of cleanliness.

I am confident that every step I take towards cleanliness will help make my country clean.
