Dr.V.S.KRISHNA GOVT. DEGREE COLLEGE

(An Autonomous Institution Affiliated to Andhra University)

Reaccredited by NAAC with 'A' Grade(3rd Cycle)

District Resource Centre & Center for Research Studies

Maddilapalem, VISAKHAPATNAM 530 013, Andhra Pradesh

Name of Departments	MICROBIOLOGY AND BIOCHEMISTRY
Name of Event Organized	DEPERTMENT OF MICROBIOLOGY AND BIOCHEMISTRY
Title of the Event	AN AWARENESS PROGRAMME CONDUCTED ONLINE BY THE STUDENTS OF MICROBIOLOGY
Date of Event Organized	11-06-2020
Name of the coordinator of the Event	CH.LALITHA MADAM, ROOPA MADAM,PRAKASH REDDY SIR
Class of the Participant	III MB BC C III MB BT C
No. of Participant (Student +Staff)	50
Objective of the Event	self-awareness is a reflective state with attention focused on ourselves for social evaluation. This awareness leads us to judge our own behavior against our personal standards, as we use social evaluation to achieve correctness and consistency in our beliefs and actions.
Description of the event	Awareness is a relative concept . It may refer to an internal state, such as a visceral feeling, or on external events by way of sensory perception. It is analogous to sensing something, a process distinguished from observing and perceiving (which involves a basic process of acquainting with the items we

	<p>perceive). Awareness can be described as something that occurs when the brain is activated in certain ways, such as when the color red is seen once the retina is stimulated by light waves. This conceptualization is posited due to the difficulty in developing an analytic definition of awareness or sensory awareness.</p>
<p>Outcome of the Event</p>	<p>Studies have shown having peripheral awareness enhances overall cognition. By improving peripheral awareness, overall quality of life and productivity will consequently be improved.</p>
