Club committee which include the coordinator of RRC Dr T.M.A. Niveditha NSS Programme officers Dr.P.Uma Maheswara Rao Dr. V. Ratna Bharathi, Dr.V.Sudheer, Dr.T.Samuel David Raj and NCC officers Dr T. Nikitha, Dr N.V.S. Bhagavan.

The Red Ribbon Committee took a great initiative by making a video on Red Ribbon Club activities and especially on the importance of Voluntary blood donation and eligibility requirement to donate blood suggested by National Blood Transfusion Council by a NSS volunteer, P.Laxman of IIIrd B.Sc.,(BZC) group. It was shared in all student groups which turned up the event a grand success.

Dr.I.Vijaya Babu Principal, NSS POs invited Ch.Vamsi Krishna Srinivas (MLC, Visakha) as chief guest to inaugurate Mega Blood Donation camp on 11/04/22

The committee also invited VMRDA Chairperson Smt Akkaramani Vijaya Nirmala, and corporator Sri M. Apparao to the mega blood donation camp.

Mega blood donation camp was conducted successfully at Dr.V.S. Krishna Govt. Degree College (A) on 12/04/22 with the support of NTR Blood Bank and Rotary Blood bank.

The staff and the medical professionals of NTR blood bank and Rotary blood bank tested all the students Hb percentage and blood groups and screened and selected the eligible volunteers for blood donation. The college staff also participated actively in the screening tests and few of the staff donated blood during camp.

The donors were given health drinks, biscuits, fruits and dry fruits for obtaining instant energy by the organizing committee. The whole programme was conducted with utmost care and concern.

Highlights:

- A total of 165 units of blood is collected from donors.
- Initially 12 staff members donated blood which motivated 141 boys and 12 girls to donate their blood.

Number of units collected: 165

The program was visited by the chief guest VMRDA Chairperson Smt A. Vijaya Nirmala, Special invitee Sri M. Apparao along with the Principal Dr I. Vijaya Baba , Vice principal Dr Chada Sastry and staff and all the dignitaries congratulated the volunteers and distributed certificates. VMRDA Chairperson, Principal, Red Ribbon club coordinator and NSS POS IQAC Coordinator are appreciating blood donors.

EVENT ORGANIZED REPORT

(2021-2022)

Name of Department	BIOTECHNOLOGY
Name of Event Organized	Popular Lecture Series
Date of Event Organized	28-01-2022
Name of the coordinator of the Event	Dr. K. Rekha
No. of Participant (Student +Staff)	120
Objective of the Event	To conduct popular lecture series in the applications of Biotechnology
Description of the event	Online lecture series was conducted in the areas of Applications of biotechnology, biomedical research, and Global environmental issues. Dr. PaturiKondaiah enumerated the importance of biomedical research and Dr.PrakashBabu gave lecture in biomedical research using examples. Dr. Prasad gave a talk on global environmental issues leading to glacier melting down and green house effects
Outcome of the Event	The students gained knowledge in applications of biotechnology in biomedical research and global environmental issues.

SPEAKERS

Prof. Paturi Kondalish

Prof. Kondalish obtained PhD from Osmania University, Hyderabad and post doctoral training at the NCJ, Bethesda, USA. After joining IISc, Prof. Kondalish's group extensively contributed in the field of hormones and tumor biology. Studies were focused on the signaling of hormones and growth factors to understand the tumor biology and in addition to many approaches, in vitro and animal xenograft models have been utilized. His laboratory contributed extensively to the understanding of the TGF- β 's role in wound healing and tumor biology. His group along with others at IISc is the first to establish cancer micro arrays and together contributed significantly to the field of brain and breast cancers. His group along with chemistry groups at IISc developed potential synthetic chemotherapeutic agents. He contributed to more than 100 publications.

Prof. Prakash Babu Phutli

Prof. Prakash Babu received Ph.D. from University of Hyderabad, Post Doctoral from Japan and U.K. His main research interests are Cerebral Ischemia/ Ischemic stroke, Cerebral Malaria, Glioma, Meningioma and Epilepsy. He has guided 20 doctoral students and is currently supervising 4 Ph.D. students and 3 Post Doctoral students. He has published more than 100 research articles in the peer reviewed journals, presented his research in more than 150 national and international conferences, and has also organized many conferences of national and international significance. He has served as the Pro-Vice-Chancellor to the University of Hyderabad and is now the Dean, School of Medical Science, University of Hyderabad. His prominent administrative positions in the University of Hyderabad include Dean Students' Welfare, Chief Proctor, Head, Department of Biotechnology and Bioinformatics. He has served/ is serving across various important committees in the University, Biotech and Pharma industries and Hospitals in different capacities.

Dr. P.V. Prasada Rao

Dr. P.V. Prasada Rao, Professor in Environmental sciences, Andhra University. His research areas include Studies on Pollution quality and Analysis, Bionoremediation, Waste Management, Microbial ecology. Providing analysis and suggesting better management is a part of academic activity. He was involved in the ascertaining of particulate matter in ambient air of Visakhapatnam. He developed low cost methodologies for the removal of Heavy metals from industrial effluents. He also worked on biodegradation of plastics, and bio removal of fluoride from groundwater. He developed silver Nano particles for addressing metal pollutants in aqueous solutions. He published more than 85 papers in both National and International Journals. He now a retired professor who headed the Department of Environmental sciences, Andhra University.

DID YOU KNOW? WHAT THE 5 AND 4 DIGIT PLU CODE STANDS FOR

4 Digit Code
Usually starts with 3 or 4

 **4011** **CONVENTIONALLY GROWN**

5 Digit Code
Starting with 9

 **93423** **ORGANIC**

5 Digit Code
Starting with 8

 **83137** **GENETICALLY MODIFIED**

These are more like "General Guidelines". These are not hard set rules. PLU Codes are voluntary, meaning the producer is not required to use them. To our knowledge, no code starting with an 8 is currently being used in grocery stores.

(FOR SOLID TEA)

FOR AGRICULTURAL
PRODUCTS

- 1) FSSAI (FSSAI with a FSSAI NUMBER)
- 2) ISI mark for packaged drinking water and mineral water and bottled fruit juice and bottled water & powder
- 3) AGMARK for all agricultural products such as vegetables, pulses, cereals, grains, honey, fruits and vegetables
- 4) DRI (DRI) for vegetable oil
- 5) DRI (DRI) for non-vegetarian food, including egg
- 6) Logo for Certified food

FSSAI

FSSAI

DID YOU KNOW?

FSSAI (Food Safety and Standards Authority of India) is an independent regulatory body that monitors and regulates the food supply chain in India. It is responsible for ensuring the safety and quality of food products in India. FSSAI also issues licenses to food businesses and monitors their compliance with food safety standards.

FSSAI

FSSAI

CHECK THE FOLLOWING

Always check the Date of Manufacture and Date of Expiry or Best Before date for this food.

Do not consume food before the Date of Manufacture or before the Expiry Date (Use By Date).

DEPARTMENT OF BIOTECHNOLOGY

Did You Know?

THE "TOOTH" BEHIND THE TOOTHPASTE COLOR CODING

Colored rectangles found at the bottom of toothpaste tubes do not indicate which ingredients are present in the toothpaste since every toothpaste contains similar ingredients such as fluoride, surfactants, abrasives, humectants, flavors, and other additional ingredients depending on the type of toothpaste (e.g. decay prevention, whitening, or desensitizing). Still, these colored rectangles have a purpose. These are called eye marks, and they guide color-coded packing machine sensors to know where to fold, cut, and crease the tube.

So, the next time you buy toothpaste, remember that the color of the rectangle does not matter, but the color of your teeth does. So brush your teeth, SEEK-er!

---	---	---

(2021-22)

Name of Department	Zoology
Name of Event Organized	International women Day-elocution competition- Gender Equality today for a sustainable tomorrow.
Date of Event Organized	07-03-2022
Name of the coordinator of the Event	Dr. Y. Shanti Prabha on behalf of Women Empowerment Cell of Dr. VSK GDC (Autonomous), Visakhapatnam.
No. of Participant (Student +Staff)	20
Objective of the Event	The objectives of an International Women's Day elocution competition are manifold. It aims to celebrate the social, economic, cultural, and political achievements of women worldwide, fostering a spirit of recognition and appreciation. It provides a platform for women to voice their opinions, share their stories, and advocate for gender equality and women's rights. Additionally, such competitions promote public speaking skills, confidence, and empowerment among women and girls, encouraging them to take on leadership roles and contribute meaningfully to society.
Description of the event	Both male and female students participated in the competition and expressed their views aptly on Gender Equality today for a sustainable tomorrow . The event was monitored by three Judges namely, Dr. Y. Shanti Prabha, Dr. T. Swarna Latha and Dr. D. Praveena.
Outcome of the Event	Event served as a catalyst for positive change, inspiring individuals and communities to strive for a more inclusive and equitable world. The International Women's Day elocution competition aimed to honor the achievements of women globally while advocating for gender equality. It provided a platform for women to express themselves, share their experiences, and highlight issues they face. Through eloquence and persuasion, participants inspired others to support

	<p>women's rights and empower them to pursue their aspirations. The competition cultivated public speaking skills, confidence, and leadership qualities among women and girls, fostering their active participation in society. It serves as a ray of hope for social change, promoting awareness, solidarity, and collective action towards creating a more inclusive and equitable world for all genders.</p>

(2021-2022)

Name of Department	ZOOLOGY
Name of Event Organized	NATIONAL VACCINATION DAY
Date of Event Organized	16-03-2022
Name of the coordinator of the Event	Faculty of Department of Zoology
No. of Participant (Student +Staff)	50
Objective of the Event	The National Vaccination Day event has been organised to raise awareness about the importance of immunization in preventing infectious diseases and promoting public health. Primary objectives include educating communities about the benefits of vaccines, dispelling myths and misinformation, and increasing vaccination coverage rates across the population. The day aims to mobilize students to prioritize immunization importance. Furthermore, it serves as a platform to ensure equitable access to vaccines for all segments of society, thereby safeguarding public health and reducing the burden of vaccine-preventable diseases.
Description of the event	The National Vaccination Day celebration for students was an engaging and informative event designed to educate and empower young minds about the significance of immunization. Students learned about the importance of vaccines in preventing diseases and protecting public health. By fostering a positive and supportive environment, the celebration aimed

	to alleviate any fears or misconceptions students may have about vaccinations while instilling a sense of responsibility towards their own health and the health of their communities.
Outcome of the Event	<p>Following the National Vaccination Day celebration for students, notable increase in awareness and understanding among the students regarding the importance of vaccination was observed. Students exhibited a greater willingness to participate in immunization programs, actively engage in discussions about public health, and take proactive measures to ensure their own vaccination status. Additionally, students showed interest to share their knowledge and enthusiasm with their peers and families, contributing to improved vaccination rates within the community. Long-term behavioral change was sparked by the celebration, which helped to raise a generation of aware and proactive people who were dedicated to using vaccinations to protect their own and others' health.</p>
