Fieldtrip - I BSc (CBZ & MBC) 49

Dt : 22-03-22.

It is resolved to organize a field trip to R.K. beach to study marine algae as a part of curriculum of Semester-I. paper titled Fundamentals of microbes and Non Vascular plant Field trip is organized to R.K. beach, Visakhapatnam on 22-03-22 during the low tide period of time which is suggested to be good time for observation of algae as the rocks are well exposed. All the students accompanied by three faculty members from department of Botany (Dr. S. Padmavathi, Dr. D.S. Madhava Rao and Dr. T.M. Anvitha). Students studied marine algal species such as Ulva, Chlorella, Gracillaria, Sargassum etc. Students collected these algal forms to preserve in the laboratory. They also had lot of fun while learning the things.

Field trip to IInd BZC students ⁵¹

to Andhra University Dt-25-03-22

It is resolved to organize a field trip to IInd BZC (EM & TM) & BTBC students to visit Dept. of Botany and Dept. of Horticulture ^{on 26/3/22}. As a part of academic curriculum, the students have to study and understand the topics Plant Ecology and Biodiversity in Semester III. In Dept. of Botany Andhra University students visited the museum and observed different kinds of specimens and fossils. In Botany department students observed different types of rare plants in Botanical garden like *Salacia cordica*, *Medhura longifolia*, *Pterocarpus santalinus*, *Brownia coccinea*. Botanical gardens play an important role in Ex-situ conservation of rare plant species observed pond ecosystem and xerophytes and their adaptation. In Horticulture dept, Andhra University, students observed different kinds of ornamental plants.

This field trip helped a lot to students to understand the topic conservation of Biodiversity and ecological adaptations of hydrophytes and xerophytes.

The following staff members are being accompanied. Around 90 students attended the trip.

1. Dr. T. M. A. Nivedha 2 in Botany
2. Dr. D. Appa Rao 1 in Botany
3. Dr. S. Padmarathi 1 in Botany

Field Trip for final Year Students Feb 18th 2020.

It is resolved to take Final Year TM, EM, BIBC students for 1 day field ^{B&C} visit to Ecofriendly Nursery, Vepagunta, Visakhapatnam under the guidance of Botany Dept. Lecturers who deal with Paper VII Nursery, Gardening and floriculture. The students can get hands on experience on Nursery Management; Mulching, Preparation organic manure; Vegetative Propagation techniques; Bonsai Technique; Ornamental Gardening techniques etc.

The following ~~studen~~ staff members accompanied the trip. Around 120 students benefited by the trip. All the students were asked to follow discipline and also undertaking was taken from parents.

1. Dr P. Sreevani, L. Botany LS
2. Dr K. Vijaya Lakshmi, L. Botany SL
3. Dr D.S. Madhava Rao L. Botany DR
