DEPARTMENT OF MICROBIOLOGY

PREVENTIONS OF CORONA VIRUS :

Always wear a mask while leaving the house in case of emergency and dispose it properly after use.

Clean your hands often use soap and water or an alcohol based hand rub.

Avoid public gathering as much as possible. Step out from home only in case of emergency.

STAY

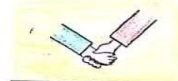

HOME

STAY

SAFE

Cover your nose & mouth with your bent elbow or a tissue when you cough or sneeze.

Avoid close contact with one another. Some recent studies have suggested that Covid-19 may be spread by people who are not showing symptoms.

Seek medical help immediately if you or someone you care for have symptoms like:

Evil Corona

DEPARTMENT OF MICROBIOLOGY

Just by invading and multiplying, evil corona has conquered our lives. Some from starvation & some from infection, have gone through the painful chapters of death. Even the graveyards were frightened, by the merciless kill of corona. It made us slaves & then carriers, & now we became the destroyers of our own kind.

Slogans, lockdown & quarantine

STAY HOME, STAY SAFE ...

thrown us aside from our routine wonder how many lives it takes still, by making us ill & then kill.

Blackboards have become solitary, so do workplaces become dusty.

No institutions, no exams.

Neither jobs, nor salary.

Every one is fighting for their survival might not be with medicine

but with hope.

Dr. V.S. Krishna govt. degree College ...

DR.V.S.KRISHNA.GOV'T.DEGREE.COLLEGE
DEPARTMENT OF MICROBIOLOGY
SALUTE TO
CORONA VIRUS WARRIORS

STAY
HOME

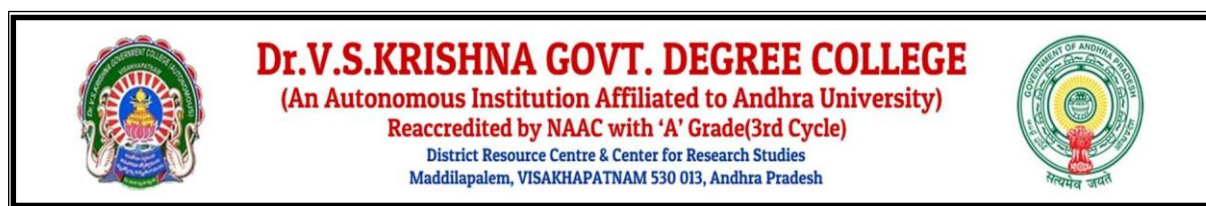

STAY
SAFE

THEY ARE
STAYING
AT WORK
FOR US
WE SHOULD
STAY HOME
FOR THEM

LET'S SUPPORT THEM....

EVENT ORGANIZED REPORT
