

## **Dr.V.S.KRISHNA GOVT. DEGREE COLLEGE**

**(An Autonomous Institution Affiliated to Andhra University)**

**Reaccredited by NAAC with 'A' Grade(3rd Cycle)**

District Resource Centre & Center for Research Studies  
Maddilapalem, VISAKHAPATNAM 530 013, Andhra Pradesh

We are immensely pleased to know that CCE is organizing fest 2023 and announcing awards. The institution considers this prestigious award with honour and would like to showcase our commitment to environmental stewardship.

Dr. V. S. Krishna Govt.Degree College gives utmost priority to Environmental Harmony by adopting various Green initiatives in the campus.

Background:

### **BEST PRACTICES (2021-22)**

1.	Name of the Department	<b>Haritha Krishna Club &amp; Department of Botany</b>
2.	Title of the practice	<b>SUSTAINABLE PLASTIC WASTE MANAGEMENT PROGRAMME (2021-22)</b>
3.	Objectives of the practice	<ul style="list-style-type: none"><li>● To minimise and manage the usage of plastic in the campus</li><li>● To inculcate environmental consciousness in students.</li><li>● To spread the message of minimising the plastic usage in their neighbourhood</li><li>● To inculcate a sense of responsibility to reduce environmental pollution.</li><li>● Through regular practice of this students would be able to learn and practise sustainable waste management.</li></ul>

4.	The Practice	<ul style="list-style-type: none"> <li>● Plastic management practice was initiated by Department of Botany and Haritha Krishna Eco club, the vital wing of Dr. V. S. Krishna college.</li> <li>● Students have been motivated by the club to collect plastic pens and plastic bottles from the college campus. To encourage the students to continue this practice, the Department of Botany and Haritha Krishna Eco club provides <b>a new pen to the student who collects four used pens</b>. Once in a week, plastic bottles are collected from the campus and as a part of the clean and green of the college campus. In addition to dry, wet, electronic waste collection bins, we are placing plastic waste collection bins in the campus and handing it to the recycling unit for recycling. These plastic bottles and pens are dumped in this bin and handed over for plastic recycling to an NGO, “<b>India Youth For Society (IYFS)</b>” once in two months.</li> </ul>
5.	Obstacles faced if any and strategies adopted to overcome them	No obstacles found so far
6.	Impact of the practice	<p>Students are collecting the plastic waste from the college campus as they were enlightened about the service to the community through the practice.</p> <p>They are enthusiastic as they are getting a reward for their service.</p>
7.	Resources required	No resources required for this programme.
